

Please join the Anthony Nolan Bone Marrow Register

YOU could save a life...

Nick is a local Bearsted resident and a member of the Kent Society of Rugby Football Union Referees.

Nick has leukaemia and needs a stem cell transplant. He has yet to find a donor.

How to help...

If you are aged between 18-40 (inclusive), and in good health, you could help. Please come along to our special event to find out how you can join the donor register. All you need to do initially is provide a sample of your saliva for testing. Bring your friends.

Join the Anthony Nolan bone marrow register at:

Maidstone RFC

Willow Way, Maidstone

on

Thurs 10th December

between **5pm – 9pm**
