Dear Sir/Madam,

_____ - Binbury Park, Detling

The list of benefits this can give to local residents is unbelievable. When I first heard of this application I thought it would just be another housing scheme but I was proven wrong, and I hope to be proven wrong again in the future with more developments like this. Maidstone, more specifically Detling, could do with more houses, but to have other features alongside the housing such as the medical centre and Business Park is important.

Please support the future growth of this area and grant permission.

Yours faithfully,
